2015-2018: I studied Illustration and Graphic Design at Instituto de Diseño de Caracas in Spanish, in English it would be Design Institute of Caracas better known as IDC in Venezuela. This institution is located in Avenida Àvila, Caracas 1060, Miranda, Venezuela. I have experience with Adobe Photoshop and Adobe Illustrator CS6 and CC. I also have experience with handmade traditional illustrations as well as handmade drawing techniques as well as the use of Serif and Sans Serif writing style depending on the content of the text, colours of a template or design.

Even though I have been studying English on my own since I was 13 years old and have studied modal verbs with a book from an English academy where my father used to study known as Wall Street, I enrolled officially in an English academy when I moved to live here in El Salvador, the academy is known as Academia Europea in San Salvador, I studied in this academy from February 2019 to February 2020. I will start doing the TOEFL in January 2021 in Academia Europea in order to improve my pronunciation skills.

Languages:

I write and read English with efficiency and I have an advanced knowledge of basic English grammar, how to use modal verbs, nouns, infinitives, gerunds, adjectives, adverbs, prepositions, passive and active voice, Wh+ questions. I have good writing skills and can easily translate or write a blog if you need me to. I have to improve my

hearing and pronunciation skills since I can understand the general context of what's being said or talked about but if the person speaks too fast, I may miss specific words, this is why I'm also interested in doing a TOEFL.

I have experience with Adobe Illustrator and Photoshop CS6 and CC, I can edit photos and images and also do 100% vectorial and digital painting.

I have the basic skills to use Microsoft Office digital tools such as Microsoft Word and Powerpoint 2013.
